

What do we do if someone develops symptoms of COVID-19

If anyone at the setting becomes ill with COVID symptoms while at the setting, they will be sent home immediately (please see Policy 36 for details of what to do prior to collection, PPE, cleaning etc).

Follow the NHS/Govt advice as below:

Families:

Please let MVNS know as soon as you or anyone in the household has symptoms

- Check symptoms using (NHS 111 online coronavirus symptoms)
- Self-isolate for 7 days if you are the person with symptoms & follow NHS guidance.
- Self isolate for 14 days If you live with someone who has symptoms
- Apply for test (within 3 days of developing symptoms)

Staff:

Please let MVNS know as soon as you or anyone in your household has symptoms

Follow the self isolation as above

Apply for a covid- test as an essential worker for you and your households.

Apply for an 'isolation note' (available online - NHS 111)
